

Mashpee Wampanoag Health Service Unit and
Brigham and Women's Hospital

Suboxone®

Treatment Program

*We are pleased to offer office-based opioid treatment for
Mashpee Wampanoag Tribal members*

“Addiction Does Not Discriminate”

Opioid dependence is more common than many people think. It affects individuals in all walks of life, all over the country, and here on Cape Cod. It is a problem that is getting worse. Our Suboxone® Treatment Program, using the 'Shared Medical Model' is one avenue to help overcome opioid addiction.

Services to begin in January 2016

Pre-screening criteria necessary
